

Australian Christian Values Checklist – 20 March 2010 Tasmanian State Elections

This summary of the positions of major parties on issues of concern to Christians is provided as a service to the Christian community. In the 2006 Census 64% Australians identified themselves as Christians. This checklist has been compiled after an exhaustive search of party platforms, voting history, statements, including in some cases the voting record of their Federal counterparts. Positions are often difficult to summarise in a format of this kind, and parties have not always made definitive statements. Therefore a '?' indicates in some instances a conscience vote, or a less than conclusive opinion on the party's position on some of the issues. Tick equals **YES** ✓ X equals **NO** ✗
